- 36) It is advisable to order the gas filter in conjunction with the Truma DuoControl CS option, since the manufacturer of the Truma DuoControl invalidates the warranty if the gas pressure regulator and valves become defective or damaged because of oil or other foreign materials in the liquid gas.
- 37) Side wall mounted awning only available in conjunction with LED light strip on the side wall mounted awning.
- 38) The standard Mini-Heki in the rear area is replaced by a Micro-Heki in conjunction with the family-for-4 pop-up roof package in models 600 LE / 600 DB K. The Mini-Heki in the rear area is omitted in model 540 DB.
- 39) State-of-the-art multimedia system with 10.1" display, Bluetooth connectivity with audio streaming and hands-free function, Smartphone integration via Android Auto or Apple CarPlay, USB interface for connecting portable devices.
- 40) Digital instrument cluster with colour display for optimum networking with the Fiat 10.1" multimedia system for displaying 3D navigation maps and for the driver assistance systems.
- 41) Due to a limitation in the selection of exterior colours from Fiat, we reserve the right to make colour changes stipulated by the base vehicle manufacturer. Your dealer will notify you promptly if this occurs.
- 42) If the sleeping area extension is chosen, the entrance steps to the rear bed come with an additional pull-out step.
- 43) The prices are recommended retail prices. Because of cost and price developments on the procurement markets, which are extremely volatile and can therefore not be calculated over the long term, the right is reserved to adjust our prices to our dealers and also make an appropriate price adjustment to our recommended retail prices. Of course, we endeavour to pass on appropriate pricing to the market at all times. You are advised to consult your dealer about the price that applies at the point in time when the sale is agreed.
- 44) Not available in conjunction with Fiat Infotainment package.
- 45) Separate wiring for the reversing camera is not available in conjunction with the Fiat infotainment package. The retrofitting cost for a reversing camera is therefore significantly higher.
- 46) USB socket in pop-up roof only in conjunction with socket package and family-for-4 pop-up roof package.
- 47) Not available in conjunction with family-for-4 pop-up roof package, since a rain gutter is already included.

## General Notes

- The price information shown includes the legally applicable rate of VAT of 19 % and excludes shipping and transport costs
- Some vehicles are shown with special equipment which is available at extra cost.
- This information is subject to price, design and equipment modifications and also mistakes. The details concerning scope of supply, appearance and performance correspond to the state of knowledge at the time of printing.
- If our suppliers change product designations during the season, we reserve the right to deliver a part type of equivalent value.
- Price, dimensions and weights subject to change. The current rate of VAT at the time of delivery shall be valid. All prices are non-binding recommended prices ex works. In the case of price adjustments by sub-contractors or base vehicle manufacturers, the prices will be modified accordingly.
- The weight information is approximate. Weight deviations of up to 5% are possible and permitted.
- Mattress sizes can differ from the specified bed dimensions
- Special features always increase the unladen weight and reduce the remaining load capacity.
- The installation of optional extras can result in loss of storage space.
- The option of mounting solar energy and satellite systems depends on the occupation of the roof area.
- Any change to the ex-works condition of your vehicle can have a detrimental effect on driving quality and road worthiness.
- Any structural alteration to the vehicle renders liability claims void. The same applies if the customer alters the finish/colour of chassis parts.

- Some special features can not be installed in all models. Your Malibu dealer would be pleased to inform you about installation and technical details regarding the model you require.
- Prices for optional extras apply to ex works installation (not retrofitting). These extras must be ordered in good time before the vehicle goes into production. For information about this, please contact your Malibu dealer directly.
- Deviations from the textures and colours in the illustrations are permitted in as far as they are due to the nature of the materials used and/or are usual in the trade. The same applies to technical changes to the vehicle as long as the overall product quality remains the same or is improved, and the intended use is not affected.
- It is possible that inferior-quality clothing can leave marks on the seat covers. This means that the seat covers are discoloured or the dye from the fabrics rubs off. We do not accept any liability for this kind of discolouration.
- We recommend always using Malibu accessories and having them installed in our factory. We do not accept any liability for damage caused by products that are not approved by Malibu or by non-permitted modifications. This particularly applies to the installation of parts by workshops that are not authorised by Malibu. You should therefore always have repairs or retrofits carried out by authorised Malibu trading partners and insist on genuine Malibu accessories.
- The water supply system that is installed corresponds to the state of technology in accordance with DIN 2001-2.

All previous price lists become invalid when this price list appears. Changes may occur during the model year after the editorial deadline of this printed document in July 2022. The manufacturer reserves the right to make structural and design changes that become necessary, provided they are in the interest of technical progress and are reasonable for the customer, plus changes to equipment, differences in colour combinations or individual colour shades, material quality differences and changes to the scope of delivery on the part of the manufacturer. This also applies to colour differences in base vehicles, insofar as they are a result of changes made by the base vehicle manufacturer. Please consult your dealer for detailed advice concerning the status of the current product or series.

The information about the scope of delivery, appearance, performance, dimensions and weights of the vehicles – differences within the scope of the factory tolerances (max. ± 5%) are possible and permissible – corresponds to the state of knowledge at the time of going to print.
